Kindergarten Memory

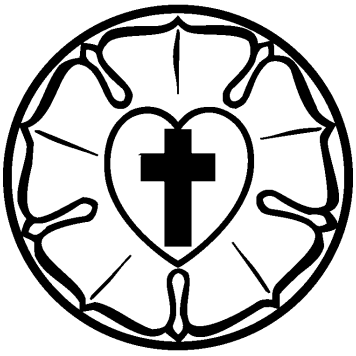

Trinity Lutheran School – 2026-2027

Memory Work assignments for Kindergarten at Trinity Lutheran School primarily come from selected passages of the Holy Bible and Luther's Small Catechism, a question and answer book written for families. Our catechism is all based on Holy Scripture and contains good explanations and summaries of the Christian faith according to Lutheran Theology.

This packet may be best kept under a magnet on the refrigerator in plain sight of all family members or maybe in a special folder in a special place in your home. We are happy to provide you with an extra copy for the car rides to and from school. You could also take a picture of each page with your device or we could send you a digital copy to store on your devices. You are welcome to assist your child as much as needed with memory work assignments. Some students are better at memorizing while seeing the words. Others like to hear the passage. Others like to use hand motions connected with the meanings of the words. Others like to put the memory passage to a beat or a tune to help them. Others like to write it out and erase a word at a time until mastery. Others like to play pictionary to help them memorize. Some like to cut up the words like a puzzle and assemble them like a game. You can experiment with some of these strategies or invent some of your own. Memory work assignments will be heard on Thursday mornings. We ask that your child practice memory work assignments regularly. Some of the passages are rather lengthy and may require more practice than just the night before. Students will have a personal copy of this packet in their desks at school and are invited to review it and practice during the school day as well.

If a student does not know their memory work when assigned, he or she will be asked to study during recess time. If a student does not know their memory due to a death in the family, family emergency, illness, or other unforeseen circumstance, the student will be given ample time to complete the assignment.

The date that each assignment is due appears first, and the passage to be said is listed next to the date. The goal is that each assignment be recited from memory word for word. The memory work grade on the report card will appear as an E (Excellent), G (Good), S (Satisfactory), or U (Unsatisfactory). When it is mutually agreed upon by the teacher and the student, the student is welcome to work ahead. The goal is not only to receive a grade in the grade book, but, more importantly, to achieve a deepened understanding of God's Holy Word. Memorizing Scripture and Luther's Small Catechism will help prepare a student for Confirmation in the Lutheran confession of faith and will prepare him or her to give the best answers to life's most important questions.
